🔗 Portfolio

Profile

I am a passionate and dedicated **Frontend Developer** with **3 years of hands-on experience** in building responsive and user-friendly web applications. I am proficient in modern web technologies including **HTML, CSS, JavaScript, React, and Next.js**, along with styling frameworks like **Tailwind CSS and Bootstrap**. I also have strong experience in **backend development using Node.js, Express.js, and MongoDB**, along with **Firestore Authentication** for secure user management. I am skilled in integrating payment gateways such as **Stripe and SSLCommerz**, and developing full-stack applications with real-world functionality. I have additional experience in **PHP and WordPress theme development**. My focus is on writing **clean, scalable, and maintainable code** while following industry best practices.
